[Self-Storage The Journey: Getting Into The Business Kindle ...](#)

To start a self-storage business, first you'll need to secure funding for all of the startup costs, including things like rental costs for a storage facility, the costs of hosting a website, and promotional materials. Then, once you have enough money saved up, you can rent an existing storage location or buy land and have your own storage units built on it. You'll also need to register your business and make sure you're in compliance with all local regulations.

[Self Storage The Journey Getting Into The Business](#)

Self-storage is one of the best new businesses to invest in today, with over 24 million units in the country and almost 1 in 10 households having rented one. Demand continues to rise, either from our insatiable need to acquire more stuff and store it somewhere or from the current recession which causes downsizing companies and families to look for additional storage space.
